*Segar — this is the adjusted programme the San Pedro agency has sent, set out in full and with nothing added to it. They are an associated agency we recommend, and **you will pay them directly, in your own name**: every figure below is their own price, and Tourevo neither adds to it nor takes anything out of it. **What we have done is put their quotation into this format so that it is easier to read and follow** — the programme, the prices and the terms are theirs, unchanged.*
