FOUR THINGS STILL TO CONFIRM

① NOT COVERED BY THE RATE LIST ABOVE

- The two airport transfers.** Calama to your hotel on the 22nd, and back on the 26th, are not on their rate list. We are asking for them.
- Park entrance fees.** The rate list does not say whether they are included. They are paid separately on most Atacama programmes.
- What the Cejar afternoon covers.** Their list names «Laguna Cejar» only. The first quotation included Ojos del Salar and Laguna de Tebenquiche in the same outing, so we are checking whether this one does too.
- A guide in English.** We have asked them to confirm it for all five days before anything is booked.

Nothing is reserved yet. We are confirming those four points and the availability of your dates, and we will come back to you with the complete figure.

HOW THIS COMPARES

The first quotation we sent you (COT-2026-0160) priced the same five excursions, also private, at **CLP 520.000 per person**. This one is **CLP 451.250** — about **CLP 275.000 less for the group**, with the same days and the same places.

Both are private, and both are paid directly to the agency. Once we have the transfers and the entrance fees for this one, we will put the two side by side and you choose.
