

San Pedro de Atacama

Five private excursions and both airport transfers for your group of four, with the park fees listed separately — so the whole figure is on the table from the start.

No. COT-2026-0161

Dates 22-26 Dec 2026

Travellers 4

Service private

Segar — a second quotation for San Pedro, from another agency there. Every excursion and both transfers are private: the vehicle is yours alone. Park fees are not part of the service price — but the agency collects them in advance together with the programme, so nobody pays at a park gate. Both amounts are below. As before, you would pay the agency directly.
